Goblets and Cups	16	Wine Coolers	28
Gravy Spoon Warmers	27	Waiters	14
Hash Dishes	26	Wine and Spirit Labels	16

ELKINGTON'S ELECTRO PLATE

has now been before the public since the year 1841, and after the severest test of wear in the vessels of all the principal Steam Ship Companies, in Club Houses, Hotels, and Private Houses in every part of the world, continues to give unqualified satisfaction, supplying as it does, all the advantages of silver in durability and beauty, at one third of the cost.

THE PATENTEES refer with confidence to the above fact, and to the constantly increasing demand for their manufactures, as well as to the award made in their favour by the Royal Commission of the Great Exhibition of 1851, of the First Class or Council Medal (the only one accorded to the trade,) and of that of the Cross of the Legion of Honour, and the Gold Médaille d'honneur at the Grande Exposition de Paris in 1855; appointed Jurors at the Exhibition of London, 1862; at the Exposition Universelle de Paris, 1867, two Gold Medals were awarded to the House; and they now renew their assurance that they will spare no exertion or expense to produce articles of such quality as will insure to them a continuance of the distinguished patronage they have hitherto received.

All articles manufactured and warranted by ELKINGTON & Co. are marked E. & Co., under a crown, thus,  and they particularly desire to impress this point upon purchasers, as their processes are now used by numerous other manufacturers, without restriction in the mode of manufacture, the metal employed, or the thickness of silver deposited thereon; consequently, the mere assertion that an article is "ELECTRO-PLATED, OR GILT, BY ELKINGTON'S PATENT PROCESS" affords no guarantee of its durability, or of its being of their manufacture, unless their Patent marks, as above, are distinctly visible on each piece.

All the articles illustrated in this book, and others of every description, of which designs may be had on application, are also manufactured in Solid Silver when required.

Designs and Estimates for Testimonials, Race and Regatta Cups, and all other descriptions of Plate for home and export, furnished on application to either of their Establishments:—

22, REGENT STREET, AND 45, MOORGATE STREET, LONDON;

EXPLANATION OF THE MARKS.

All Articles manufactured by the Patentees are stamped with their Patent Marks,

The Quality of the Plating is denoted by the letters A, B, C, thus—

A, is Extra Strong Plate, and the Forks have *Silver Points*.

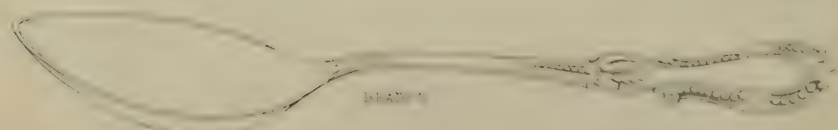

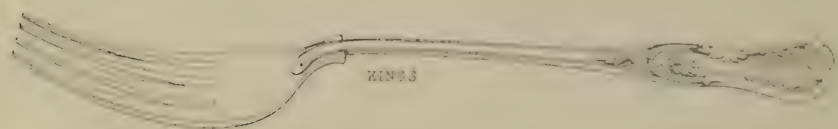

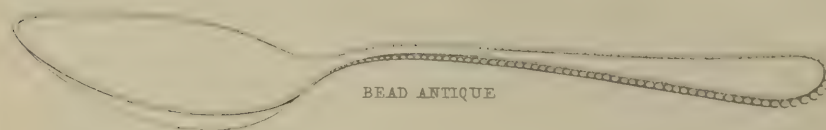

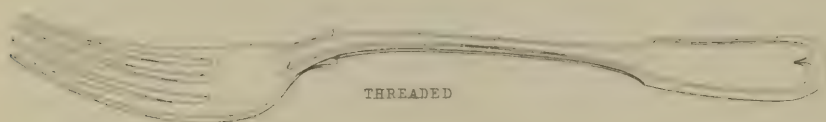

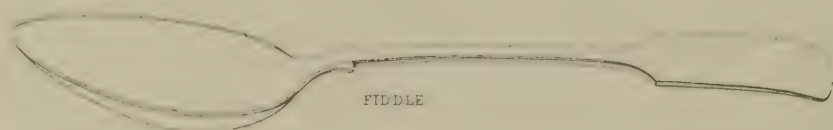

B, is Very Strong Plate.

C, is Quality of Ordinary Plate.

All Articles bearing these Marks are Warranted.

Ciphers, Crests, Mottoes, and Armorial Bearings, Engraved to order. Spoons and Forks made to Pattern in any style.

Any of the above Articles may be executed in Silver if desired.

Scale $\frac{1}{2}$ size
